

Making Government Payments Easy

Certified Payments combines experience with passion to bring the best in payments technology, products, and services to government and public sector clients.

Our innovative products and turnkey integration capabilities will help you expand payment options, improve revenue collection, and reduce processing overhead.

And our approach to business ensures continuous communication and collaboration for a full-service partnership.

How We Do It

Certified Payments provides a fast, user-friendly, and secure payment processing system for multiple payment channels, including **card present**, **card not present**, **online**, **over-the-phone** **eCheck** and more.

From property taxes, license fees and motor vehicle renewals to court fees, utility bills and miscellaneous fines, your agency can securely accept payments seven days a week without incurring any cost.

Key Benefits

What Our Customers Say

“We are very happy with the service we have received from Certified Payments. Very good customer service and friendly staff. We highly recommend using Certified Payments. We should have offered this service in our office months ago.”

—Teresa Barksdale, Circuit Clerk for Lowndes County in Mississippi

“Our tax collections both from residents and business owners have become much easier to track, collect and reconcile since we began working with Certified Payments. I’ve noticed the greatest gains in our accounting processes, due in no small part to the platform’s ease of reporting.”

—Phillip N. Rogers, Tax Collector, Andrew County, MO
